The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 6-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Please see the comments made in regard to the above rejection in the previous Office action. It is noted that the applicant has failed to respond to this rejection or amend the claims to correct the noted misuse of the term "heat sink" in the claims presented.

Claims 6-9 are rejected under 35 U.S.C. 102(e) as being anticipated by Lee et al.

Note base 12 of Lee et al., provided with an upper surface having two inclined faces 126 and a central surface 124 that reads on the claimed "platform". Note spaced fins 14 that extend across these surfaces and are attached thereto for heat dissipation. Note two-piece frame elements 50 used to attach a fan (re: claims 7 and 8).

Applicant's arguments with respect to claims 6-9 have been considered but are moot in view of the new ground(s) of rejection.

As noted above, applicant has failed to address the rejection of the claims under 35 U.S.C. 112, second paragraph. The rejection has thus been repeated, and no further comment appears necessary.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
